PERFORMANCE RANGE CM-1051T MICROWAVE OVEN

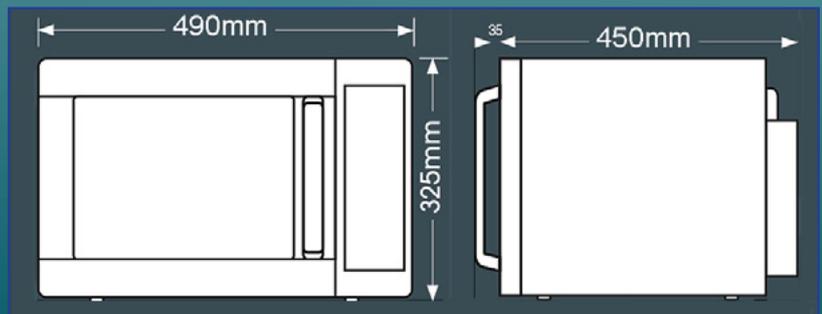

**1000W
POWER**

The CM-1051T 1000W Power Output Microwave offers users preset programming (20 presets), ceramic base, full stainless steel construction, generous 21 litre capacity and a powerful 1000watt output. Incorporating the latest generation high efficiency Magnetron for output, the CM-1051T has incorporated many of the design features from the Bonn High Performance Range of ovens, including Direct Ducted Magnetron cooling, motorised stirrer fan for even heating along with all the safety features such as toughened inner door glass, heavy duty door safety latches and double-strengthened door hinges - all part of Bonn's stringent total safety philosophy.

Get commercial quality and speed with ease of operation and superior Bonn quality. Supplied with 2 years parts/13 months labour warranty*.

SPECIFICATIONS

Electrical: 240V / 50Hz, Single Phase 10amp plug
